

## **COVID-19 Update**

Dear campers, In light of recent events involving the outbreak of COVID-19, we wanted to reach out to guests concerning currently held and future made reservations. Our thoughts are with you and your family in this uncertain time, we hope everyone stays safe and healthy.

As always our policy is cancellation up to 10 days prior to arrival, will only incur a \$10 fee per campsite/cabin rented. We would like to clarify that any deposits of over \$200 will be charged the \$10 fee, plus 0.05% of the deposit, in order to cover the costs charged to us for cancellations. In the past we have not applied this 0.05% fee, as we had very few cancellations. However, due to the unpredictability of the pandemic, we could not feasibly absorb credit card fees, as we have in the past. Any reservations cancelled less than 10 days prior to arrival results in a forfeiture of the entire deposit.

We are following this outbreak closely, and will post updates as we receive them. As of now we still anticipate opening May 1st. We encourage you to keep your reservations, and keep making reservations, until further information is available, closer to your arrival date. We thank you for your understanding, and we value you as a guest. Hope to see you soon.
